Officials of Rockland Packing piled with the information which Company this morning offered a reward of \$1000 to the individual who will supply them with information which will lead to the arrest and conviction of the person or persons who sabotaged plant machinery at the plant Aug. 28—the first day of the wildcat strike last week. They attach no strings to the offer but ask only that they be supplied with the information.

### Pirates, in the 12th

Sunday at Community Park the Pirates and St. George battled 12 innings in the best ball game of the season, the Pirates winning 6 to 3. P. Wiley hit LaCrosse's second pitch for a triple and scored on Anderson's single to open the game for St. George in the first inning. Miller led off for Rockland by sending a hard smash through Wiley's legs at shortstop. Ell's advanced Miller to second when he was safe on a bunt, and Billings moved both runners up with a sacrifice, then LaCrosse scored Miller with a perfect squeeze bunt to tie up the score.

C. Mackie led off in the second with a triple and Seastrom scored him with a single, to put St. George in the lead again. M. Simmons led off in the fifth with a single and while Anderson was at bat Starr was hit on the thumb by a foul tip. LaCrosse then came in behind the plate and Holden came in from center field to pitch. Bill retired the

Men and women who wanted to work—and who needed the work to carry them through the winter months—are now idle, due to the plant being rendered inoperable by saboteurs.

Information may be given direct to plant officials or to Chief Jesse Linscott of the Police Department.

An intensive investigation is being carried on with police, fire and other investigators working closely with the management.

## THE COURIER-GAZETTE

(EDITORIAL)

## NEXT MONDAY'S ELECTION

So far as the Knox County situation is concerned next Monday's State election is absolutely without interest for the Democrats have no ticket, except candidates for Representative to Legislature in two of the classes. But the importance of the election goes far beyond the county vote. The country faces a situation which offers much promise that the Republican party may gain control of the National House of Representatives, and possibly the United States Senate, although the latter eventually is considered much more doubtful.

And even more important is the bearing which the Maine election may have on the choice of a President two years hence. A good-sized majority in the Pine Tree State would have a very heartening influence upon other sections of the country which are wavering in the balance. Nobody expects anything like the Republican majority which the voters gave two years ago, for the Democrats had only a partial ticket, and made no such campaign as we have seen this year. State Chairman Lloyd B. Morton says:

"The Republican campaign has been clean and straightforward and will continue to be clean, straightforward and constructive and the type of campaign which is traditionally Republican. Maine voters appreciate this type of service, and realize that the Republican party is a party which stands for government being the servant of the people and not the people being the servants of government."

"More and more young men and women, more and more veterans, and more and more people of independent thought in politics are going to the polls to vote for the Republican party this year, because it is the party which guarantees the elimination of red tape, bureaucratic government, and controls and the party which is going ahead with an affirmative program which will continue to make Maine one of the best governed States in the nation."

We wish the same might be said of the Democratic campaign, which has been so filled with slurs and mudslinging as to be suggestive of the old days when campaigns were marked by extreme bitterness and excitement ran high. The Democrats are not to be blamed for waging an aggressive campaign for anything that is worth fighting for is worth a fight to the limit—of decency.

The Democratic campaigners have sought ingeniously to weave the bonus issue into an argument for their side of the house, but while Gov. Horace A. Hildreth is supporting the action of the special Legislative session, he admits frankly that the measure is not the satisfactory one he could have wished. So far as Gov. Hildreth is concerned the voters may well cast their ballots for the man who has given an impartial, progressive and business-like administration rather than censure him for the mixed-up bonus issue, for which he is now responsible.

So far as the Knox County ticket is concerned it would be almost superfluous to say anything. The voters know the Republican candidates and know their records—which are certainly beyond reproach.

Maine voters will have three ballots to mark when they go to the polls Monday. One will carry the names of all candidates for Nation, State and County offices, another will list the four referendum liquor questions, and a third will present the referendum question on payment of a veterans' bonus, through increased cigarette and liquor taxes and new luxury levies, and the proposed constitutional amendment to provide for a \$16,000,000 bond issue to finance a veterans' benefit program approved by the Legislature.

## New Passenger Boat

The W. S. Carver boatyard of Friendship launched the passenger boat, Nellie G., 31, for Capt. Walter E. Swett of Palmyra Foreside at 6 p. m., Wednesday.

This was the first launching under the ownership of Winfield Lash and Charles Sylvester who bought the ship from the Carter heirs in July.

The craft, which will be run on a passenger route between Palmyra Foreside, Littlejohn, Cousins and Chebeague islands by Captain Swett and his sons, is 52 feet in length, has a beam of 15 feet and a draft of 4 feet 2 inches. She is expected to make a speed of 11 knots. Her power plant is a 165 horsepower General Motors diesel.

She is framed with two by four bent native oak and planked with 1 1/2-inch native oak. The decking is 1 3/4-inch white pine and the houses are built of matched pine. Bulkheads are double diagonal with canvas between.

She will carry 125 persons and has a crew of three with engine room controls being in the wheel house.

Sponsor of the craft was the 18-year-old daughter of the owner and master, Miss Joanne Swett. The launching party was composed of Joanne Swett, Mr. and Mrs. Walter Swett, Jr., and daughter, Bonnie Jeanne, Oren R. Swett, Capt. W. E. Swett, Paul Swett and Wilfred Choate, all of Portland; Billy Holmes and Sumner Moulton of Portland and Sanford Record of East Braintree, Mass.

## A Northern Educated Southerner Gives His Opinion Of Bilbo and Talmadge

With a largely augmented attendance, due to the presence of many guests, the Rockland Lions Club, Wednesday had the happy privilege of listening to Hodding Carter, introduced by Nathan Berliawsky, as "that liberal crusading editorial writer, who won the Pulitzer prize this year."

Carter, who is a native of Louisiana, is now a newspaper publisher in Mississippi, educated by the way at Bowdoin College, and a Nieman Fellow at Harvard. His first novel, "Winds of Fear" attracted national attention for its unique presentation of the Southern problem—the disenfranchised, helpless black man and his determined domination by the white man. Mr. Carter makes his Summer home in Rockport, delighted with his temporary transition from the Southland, to a region where he inhales the Atlantic breezes.

It was eminently fitting that one of his seatmates at the head table should be another Bowdoin graduate, E. Carl Moran, and that he should have the comfort of a fellow Democrat beside him, as he expressed it.

Hodding Carter pulled no punches in the illuminating half hour talk which he gave. He told of the in-

tolerance and racial prejudice which exists in the South, where events which have shocked the nation have recently occurred.

As to the re-nomination of Senator Bilbo in Mississippi and Gene Talmadge in Georgia—"there are not strong enough words to apply to them," said the speaker, "and the people of the South are hard pressed to explain how it happened. Bilbo was re-nominated by only 4000 majority, and would have been beaten had there been a strong man opposing him. Gene Talmadge was re-nominated by a minority vote because he was able to carry a majority of the Georgia counties."

Mr. Carter said he took off his hat to what the Methodist Church is doing in the South along inter-racial lines. The Catholic Church is also doing good work there.

Low incomes were credited with some of the Southerners' troubles, but a rapid rise is taking place. Then, too, Mississippi is recorded as the second most illiterate State in the Union. As education increases its spread there is a growing change in the attitude toward the brown man.

The speaker told of the impression which he had gained in the Far East, and made plain his opinion that we are losing out because of our treatment of the brown, black and yellow races. The Russians are treating these people as though no color line existed.

"I hope the war talk is wrong," said Mr. Carter, by way of conclusion.

An invitation from the Vinal-

haven Lions Club to be its guest Sept. 12 was accepted by a liberal number of the Rockland members.

J. N. Southard presented a receipted bill for \$22 worth of work done at the Snow shipyard on the Sea Scout boat. The receipt was a contribution from the General Seafoods Corp.

Lions Savitt and Soule were named as entertainment committee for October.

The "Happy Birthday" song was rendered out if respect to Wilbur Senter who was to be a year older on the following day.

Among the guests was Superior Court Justice Frank A. Tirrell, Jr., who is a past president of the Rockland Lions Club.

It is quite evident that the Rockland High School football team will have its hands full when it plays in Brewer one week from tomorrow. The Bangor News says that the "Witches" have 11 lettermen back in uniforms, and that Brewer's outlook is the best it has been for years.

**BOY SCOUT NOTES**  
Troop 202 will meet at the Methodist Church at 6 p. m. Monday night if weather permits. A supper hike will be enjoyed with opportunities to pass final Summer tests in swimming and nature at that time. If rainy, meeting will be held at 7.15 p. m. in the church vestry.

Citizens of Rockland will learn with much pleasure that the H. A. Manning Co. is to publish a new city directory early the coming year. Preliminary work is now being done by Arthur H. Vitter, sales manager for the corporation. Later a canvass crew will check information from house to house. As Rockland has not had a city directory since 1942 many changes are expected. As usual the directory will cover the larger adjoining towns.

Donald McLellan was elected president of the Senior Class at Rockland High School this morning. The vice presidency went to Thomas Smith and Beverly Merchant was elected secretary. A tie exists for the office of treasurer between Katherine Stevens and Lorraine Curry with another election to be held to determine who will hold the office. Student council

members are Donald Kelsey and Mary Sawyer.

At Camden Sunday afternoon the Camden Shells, exuberant over their pennant winning ability will play a team made up from Thomaston and St. George. Rockland would have been included among the all-Leaguers but for the fact that the team is playing Belfast on the same grounds at the same time. The Camden game will be in at 3 o'clock and should be one

of the best exhibitions the Twilight League has seen this season. And that's saying a lot.

Rev. John Smith Lowe, D. D. closed his eighteenth season as Summer preacher in The Little Brown Church, Round Pond, last Sunday with one of the largest congregations in the history of the church. The guest book reveals that friends attending The Little Brown Church during the Summer came from every section of the country, from Florida to California. next two batters via the strike out route and Mackie was out on a fielders choice.

The Pirates scored in the fifth when Allen led off with a single, was advanced on a sacrifice by Winchenbach stole third, then Ellis walked, stole second and Billings scored both runners with a single to put Rockland ahead 3 to 2.

Two successive singles by Seastrom and W. Mackie and a walk to Drinkwater filled the bases to start the sixth for St. George.

Kinney struck out but P. Wiley drove two runs home with a single. Simmons then fled to Ellis who doubled up Drinkwater at second to end the inning and St. George led 4 to 3.

A long double by Miller started Rockland off in the seventh. Billings singled and LaCrosse placed a bunt down the first base line which scored Miller. Billings going to third and Oll scored on Barlow's out at first to put the Pirates ahead again.

St. George scored their fifth and tying run in the eighth on a walk to W. Mackie and two singles by P. Wiley and Simmons.

Both teams failed to score from the eighth on to the eleventh although St. George had the bases filled on a walk a single and an intentional pass with two away out Holden struck out the next batter.

St. George got two singles in a row in the 12th but an infield out and two strikeouts left them stranded.

LaCrosse first man up for the Pirates in the 12th doubled to deep right center and Barlow who had gone hitless for the day smashed a sharp single to right for the ball game. Allen for the second Sunday in a row got four hits for Rockland to lead the Pirates at bat P. Wiley and Seastrom each got four for St. George. The Pirate infield teamed up well. Billings and Allen having nine put outs between them while Ellis in left field had five chances.

Kinney and Holden both pitched a good ball Kinney going all the way for St. George striking out five and walking three, but apparently tired in the final frame.

ACTING STATE CONTROLLER

State of Maine  
Department of Finance  
Bureau of Accounts and Control  
Augusta

September 5, 1946

Governor Horace Hildreth and  
Members of the Executive Council

Gentlemen:

As provided by Section 31, Chapter 14 of the Revised Statutes of 1944, we submit a condensed summary of the forthcoming complete report on the fiscal operation of the State of Maine for the year ended June 30, 1946, and its financial standing as of June 30, 1946.

The Unemployment Compensation Fund, revenues and expenditures have been eliminated from the operating statement as the resulting balance is not usable for general state operations, and tends to distort the years operating gain.

Yours very truly,

Acting State Controller

## ERNST &amp; ERNST

To Governor Horace Hildreth and  
Members of the Executive Council:

We have examined the balance sheets of the various funds of the State of Maine as of June 30, 1946, and the statements of revenue and expenditures and unappropriated surplus for the fiscal year then ended, as prepared by the Acting State Controller for publication as required by Section 31, Chapter 14, of the Revised Statutes of 1944. In connection therewith we have reviewed the system of internal control, accounting procedures, and the available interim reports of the State Auditor and, without making a complete detailed audit of all transactions, have examined or tested accounting records of the State and other supporting evidence, by methods and to the extent we deemed appropriate.

Our examination is not entirely completed, and will not be until we have had the opportunity of reviewing the State Auditor's reports on his examination of the accounts which is now in progress.

In our opinion, subject to the foregoing limitation, the balance sheets and related statements of revenue and expenditures and unappropriated surplus present fairly the financial position of the various funds of the State of Maine at June 30, 1946, and summarize its financial and other transactions for the year then ended, in conformity with generally accepted governmental accounting principles.

Portland, Maine, August 23, 1946.

To those who are awaiting delivery of their New Oldsmobiles

## A Word of Appreciation ... and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!" But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: Don't neglect the car you drive today.

The war has taught us all the importance of careful upkeep and regular service. While you're waiting for your new Oldsmobile, therefore, be sure to take advantage of our factory-authorized Oldsmobile service program. We are offering every kind of modern automotive service—from lubrication to major overhauls. Regular servicing of your car will safeguard your investment and assure you of safe, dependable transportation until that great day when your new Oldsmobile is here!

# Do YOU want to pay 25% TAX for your amusement?

On the second Monday of September (Sept. 9th) there will appear on the voting ballot a Referendum asking the voters whether or not they approve an additional tax on amusements to the extent of 5% to be levied by the State of Maine. If the State referendum is passed this tax together with the existing Federal Tax of 20% will result in a total admission tax of 25% to all amusements. If you do not want to pay this EXTRA 5% TAX, vote NO on both questions on a separate ballot which you will receive at the Polls on Election Day.

#### REFERENDUM QUESTION

UNCLE SAM

"UNCLE BEN"

Says the greatest country of them all Is the Good Old U. S. A.

What other country enjoys the Four Freedoms as well as we do in this country? I assure you whenever another freedom is found you'll enjoy it in this country first. Yes, sir, that's what I call democracy.

If in doubt, ask some of the foreign diplomats who have been putting the touch on Uncle Sam!
